LAWANA
1776

In Congress, July 4. 1776

The Unanimous Declaration of the Thirteen united States of America,

When in the Course of human events it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, —That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles & organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes: and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. —Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world.

He has refused his Assent to Laws, the most wholesome and necessary for the public good. —

He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them. —

He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only. —

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures. —

He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people. —

He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the Legislative powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within. —

He has endeavoured to prevent the population of these States; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of lands. —

He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary powers. —

He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries. —

He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our people and eat out their substance. —

He has kept among us, in times of peace, Standing Armies without the Consent of our legislatures. —

He has affected to render the Military independent of and superior to the Civil power. —

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their Acts of pretended Legislation: —

For quartering large bodies of armed troops among us: —

For protecting them, by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States: —

For cutting off our Trade with all parts of the world: —

For imposing Taxes on us without our Consent: —

For depriving us in many cases, of the benefits of Trial by Jury: —

For transporting us beyond Seas to be tried for pretended offences —

For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies: —

For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments: —

For suspending our own Legislatures, and declaring themselves invested with Power to legislate for us in all cases whatsoever. —

He has abdicated Government here, by declaring us out of his Protection and waging War against us. —

He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people. —

He is at this time transporting large Armies of foreign Mercenaries to compleat the works of death, desolation and tyranny, already begun with circumstances of Cruelty & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation. —

He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands. —

He has excited domestic insurrections amongst us, and has endeavoured to bring on the inhabitants of our frontiers the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions. —

In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. A Prince whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people. —

Nor have We been wanting in attentions to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends. —

We, therefore, the Representatives of the United States of America, in General Congress Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by the Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. —

And for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes

The 1974-1975 LHS Marching Wolfpack Band received the Sweepstakes Trophy for the Best Band in Class A, which is the highest performing class, at the Richmond County Band Festival in Richmond County, North Carolina. They also received a superior rating at the Western Carolina University Contest in Cullowhee, North Carolina. In 1975-1976 the LHS band received the Sweepstakes Trophy again at the Richmond County Band Festival for the Best Band in Class A.

This year the Lincolnton High School Marching Wolfpack Band was invited to attend the DeSoto Marching Festival in Bradenton, Florida. Selected by officials from the Festival itself, the Wolfpack was one of only fifteen bands chosen from the entire eastern seaboard of the United States. The band competed with fifteen other bands, and based on their performance there, tried to gain a berth in the finals, consisting of the five best bands. The Wolfpack also competed in the parade portion of the festival.

In the latter part of the week the band was featured as Walt Disney World's Band of the Day and marched in the parade that occurs twice daily.

This trip became a reality through the intense and diligent work of the Lincolnton High School Band Boosters Association, and to these hard-working individuals, the Lincolnton High School Marching Wolfpack Band dedicates this 1975-1976 year.

Ronald Andrew Sigmon
November 11, 1956
July 14, 1975

RONNIE

Ronnie was my brother,
But that I'm sure you knew.
He was everything in the world to me,
More than he could have been to you.
His life seemed to just begin,
And he was ready for the world.
But little did we know,
His life was at an end.

We had shared precious moments,
And times I won't forget.
Like the times we shared each other's dreams,
And problems we had met.
The love I have for him,
I cherish in my heart.
And even though it seems that way,
We're never far apart.

So remember him as you will,
From the beginning til the end.
I'll remember him for many things,
But mostly for being my friend.

Lawana, Its been fun this year running around together. Remember when Bird had that funny song "Chevy Van" was really something. Everybody was looking at us, they thought we were crazy but of course they are right. Riding uptown was a lot of fun too. That was when we got with Curtis. This summer maybe we can go riding around uptown some. You better be good this summer and don't flirt too much. Stay sweet and crazy. Hope we have some classes together next year. See ya

Lawana,

It sure has been a great year. I've really been a part of it. We've had fun this year. It was long enough to know that you are sweet and crazy. You've got tug more years of high school left, so live it up to the fullest of your ability. Don't ever forget me. I'll never forget you. Have a great summer! Love, Vicki Stallings '76

Well Louise

Reserved for (Trina)

Sawana or Sathana,

Well what can I say to a girl that I've been thrown in jail with, chased around ~~with~~ by bloody people with but mostly had a ball with! We are really crazy especially you. And I am so glad we all got to go to the beach together. just think of all the boys we met especially my LOVE... Robert Joe Duenkel. I am sorry for all the fusses at the beach but I reckon it was normal for three girls to fuss after being together at the beach for a whole week! and I was so surprized at you for pitching those sand dunes with Bob ~~Peer~~ Pier. I would be ashamed of myself. oh yeah before I forget I am going to list all the boys we met at the beach just so's we don't forget (LIKE we really will) HA! First there was Johnny Price, John-boy, Mitchell then Charlie David + Billy or Hick! Next comes Lynn + Jimmy and we can't forget Bruce and my exciting starship ride with him. Plus Murray + John from Tennessee! Then Ricky and Brian who I will really miss cause they were so sweet crazy + nice and GOODLOOKING! But they said they would be there next year so we will see them and almost last but not least Dave Mahaney + Charlie?? ?? ?? next are the most important to us! BOB PEER, STAN WATERS + BOB DUENKEL! I reckon you already know I love him! and I hope so much he calls me if he don't I am going to become a NUN! I really do like him a whole lot! oh yeah I forgot about David Waters and Bob the Lifeguard. He was short but he was a BOD! I reckon you can say we talked to and met quite a few guys! anyways I had a ball. well now is the time to be serious if that's possible since we are so nutty. you are the best friend any girl could ever dream of having. I love you so much Sawana I hope you know that even though we get into a lot of fusses! But I'll always cherish your friendship till I am 900 years old. you are always there and you are loved by so many people cause you are the understanding girl you are. I didn't finished that sentence up there cause things sorta got jumbled, I meant you are always there when I need some one to talk to and if Bob don't call me tomorrow I hope you don't mind if I cry on your shoulder once again! We have had so many crazy times remember when I like Scott Robinson I must have really been sick! Remember that sloppy Party one + Sandra + you had! well really it wasn't a flop for you I think you had a pretty good time didn't you! and remember that P.J. party I had we really had fun! and the time at Vicki Stallings dance when I was with GEORGE and you was with Jimmy McInnes (BATH) He's a good dancer ain't he?
